1 Where does your main strength come from?

2 (Does it) come from your family or from your music?

3 I think that's a very difficult question because my family are very important to me and have been around since I was born, whereas my music is something that came much later.

4 But there's such a personal involvement with my music that's very much ... erm, inspired by people but it's a very private thing, and it's very much a release for me.

5 I think I get a tremendous amount of support from my family which is very important to me, and I don't know if music supports you.

6 It's not necessarily a comforting thing, but it's... it's just... it's... it's like a very close friend, I guess.
